

Remington College Campus Hazing Transparency Report

This report is compiled in compliance with the United States Education Code, Title 20, Section 1092. It is updated biannually.

Campus Location	Organization	Date of Incident	Date Investigation Started	Description of Incident	Alleged Violations and Findings	Alcohol/Drugs Involved? (YES/NO)	Sanctions	Date Outcome Became Final	Date Organization Was Notified
<i>There were no findings of responsibility for hazing violations between December 5, 2025 and May 11, 2026.</i>									

In compliance with the federal Stop Campus Hazing Act, beginning with the 2026 Annual Campus Security (ASR), Remington College's ASR will include a numerical count indicating the number of hazing allegations made within Remington College's established Clery geography, regardless of whether the student organization is established, registered, or recognized by Remington College.

Note: The hazing incident information provided above only includes hazing incidents that resulted in a Finding of responsibility against an established, registered, or recognized, student organization through the organizational conduct process, regardless of geography. The ASR, however, includes the number of allegations within Clery geography. Consequently, the numbers may differ.
